

Zoom log in – via internet – NEW USERS – voir français plus bas

Those with Internet service can go directly to <https://us04web.zoom.us/j/247428136>

You will see something similar to the window below – you will first click **DOWNLOAD & RUN ZOOM**

If nothing prompts from browser, [click here](#) to launch the meeting, or [download & run Zoom](#).

If your computer has a camera – you will see a picture and be asked if you wish to **JOIN WITH VIDEO** or **JOIN WITHOUT VIDEO** – the choice is yours

You will be asked if you wish to use your computer audio. This is recommended since our call-in numbers are long distance. (you are still able to mute yourself)

The image shows a dialog box titled "Choose ONE of the audio conference options" with a close button (X) in the top right corner. Below the title is a horizontal selection bar with two options: "Phone Call" (which is currently selected and highlighted in light grey) and "Computer Audio" (which is currently unselected and highlighted in light blue). Below this bar is a large blue button labeled "Join with Computer Audio". Underneath this button is a link that says "Test Speaker and Microphone". At the bottom of the dialog box, there is a checkbox that is currently unchecked, followed by the text "Automatically join audio by computer when joining a meeting".

If you are not comfortable/able to join by computer audio please call 1-438-809-7799 and enter your **Meeting ID** when prompted. **PLEASE NOTE LONG DISTANCE CHARGES WILL APPLY** (and please make sure your microphone on the computer is muted)

If/when prompted, enter the meeting ID number **247-428-136**.

You will be asked for a participant ID but it will show in the details on your screen and you will re-enter it and press **JOIN MEETING**
